

SASA RIGGING ENTRY REQUIREMENTS

The following is a list of requirements that must be met in order for an individual to be able to apply to become a SASA Stunt Rigger.

- 18 years or older
- English 1st or 2nd language
- Minimum 2 years rigging experience
- Must have a recognized rigging/abseiling certificate to prove competency on ropes.
- 6 months/50 days on set experience

Once the individual has met the following requirements they may be assessed or given an interview by a member/s of the rigging committee and apply to become an affiliated SASA Stunt Rigger.

Thereafter the individual will be monitored for a period of 6 months and/or minimum 50 set days by the committee using feedback from coordinators, key riggers, riggers and stunt performers.

Based on the feedback the committee will then vote to make the individual a full SASA Stunt Rigger.
